

Advanced Dreamweaver

Training course outline

Advanced Dreamweaver goes beyond the basics, looking at Dreamweaver's more sophisticated features for developing professional-standard websites.

You explore techniques for making websites that are mobile-friendly, responsive and interactive.

Course summary

Teaches how to use Dreamweaver to incorporate advanced features into your website. Sessions include:

- Rollovers.
- Web animations.
- Adding interactivity to a website.
- Responsive designs.

Duration

Two days.

Who should attend?

Existing Dreamweaver users who want to take their website creation skills to the next level.

Prerequisites

You should have a good working knowledge of Dreamweaver, i.e. be familiar with the topics taught in our *Introduction to Dreamweaver* course (see armada.co.uk/dw/syllabus).

In-class or live online

You can attend in-person at our centres, or participate live online from your place of work or home.

To read about our approach to online training, see armada.co.uk/liveonline.

General information

Courses are hosted by highly experienced instructors with vast experience of using the application professionally.

Whilst attending training at our centres, you'll have the use of a computer running licensed Adobe Creative Cloud software to practice the techniques taught. You can choose to use a Windows computer or Mac.

Refreshments and lunch are provided.

Course fees can be paid by card or bank transfer. We accept purchase orders from UK-registered companies and public sector organisations.

Course materials and certificate

You'll receive:

- A comprehensive training guide and practice files.
- An e-certificate (PDF) confirming successful course completion.

Method of delivery

Training is designed for the busy professional, being short and intensive and combining lecture and demonstration. Practical exercises carried out under guidance help you learn the techniques taught.

You have ample opportunity to discuss specific requirements with the trainer.

After course support

Following training, you're entitled to 30 days' email support from your trainer.

Further information

See armada.co.uk/course/advdw.

Course syllabus
