

# Introduction to Microsoft Visio

## Training course outline

Microsoft Visio enables you to communicate complex information with visually-engaging, data-linked diagrams.

*Introduction to Microsoft Visio* training teaches the key techniques for producing diagrams in Visio.

### Course summary

Introductory-level course providing a thorough grounding in Microsoft Visio.

Sessions include:

- Create shapes, design styles, templates and stencils
- Design and modify basic diagrams
- Create network diagrams
- Build organisation charts

### Duration

One day.

### Who should attend?

Anybody who needs to use Microsoft Visio in their day-to-day work.

### In-class or live online

You can attend in-person at our centres, or participate live online from your place of work or home.

To read about our approach to online training, see [armada.co.uk/liveonline](http://armada.co.uk/liveonline).

### General information

Courses are hosted by highly experienced instructors with vast experience of using the application professionally.

Whilst attending training at our centres, you'll have the use of a computer running licensed software to practice the techniques taught.

Refreshments and lunch are provided.

Course fees can be paid by card or bank transfer. We accept purchase orders from UK-registered companies and public sector organisations.

### Course materials and certificate

You'll receive:

- A comprehensive training guide and practice files.
- An e-certificate (PDF) confirming successful course completion.

### Method of delivery

Training is designed for the busy professional, being short and intensive and combining lecture and demonstration. Practical exercises carried out under guidance help you learn the techniques taught.

You have ample opportunity to discuss specific requirements with the trainer.

### After course support

Following training, you're entitled to 30 days' email support from your trainer.

### Further information

See [armada.co.uk/course/visio](http://armada.co.uk/course/visio).

### Course syllabus

See over.
